The Cougar Cubs Preschool runs in conjunction with CGUHS Early Childhood Education (ECE) program. ECE is unique in that it is a Career & Technical Education (CTE) program. High school students receive instruction based on current research and high quality ECE curriculum that supports best practices for early young children's care and education. The high school ECE students assist in the daily routines and operations of the preschool under staff supervision. High school students receive academic grades for their participation in our preschool.

If you have any questions regarding our Preschool, please feel free to contact our Cougar Cubs Preschool staff. We look forward to the opportunity of working with your family and having your child in our preschool program. Thank you for entrusting us with your child.

Sincerely,
