

VISTA GRANDE E-LEARNING CLASS SYLLABUS

MATH GEOMETRY

Expectations:

Be on time

Be prepared to work

Be respectful of your time, and your classmates time

Cellphones must be kept away during Spartan Time.

Computers are to be used for academic work only, save the game play for home.

Passing an Edgenuity Course:

To ensure success in this course, you must complete all assignments, quizzes and tests, as well as the Cumulative Exam and finish with a passing score of at least a 60% to earn credit for the course.

Use your class time wisely. You need to work on your course in class and sometimes at home or after school each day. The course is very rigorous and there are numerous assignments to complete.

Accountability and Reflection:

You will be given a list of the lessons contained in your course. Keep track of your progress as well as your scores. You are responsible for completing the work. For each assessment, put the score on the quiz/test as well as the date you completed the work. Have this with you every day.

Assignments:

Your assignments are your practice, so you can retake those any time to practice more: just ask! The unit test reviews are also your chance to practice, so these can be reset as many times as you would like.

Quizzes and Tests:

You will receive 2 attempts on each quiz and assessment. These items are locked and must be taken at school. You can ask for help before you attempt these; help will not be provided while you are in the process of completing an assessment. You will not be told your score, or which answers need to be changed before you hit submit.

Assessments are a gauge for you and the instructor to know whether you understand the concepts well enough to proceed in the course.

There is a save and exit option if you run out of class time to finish a quiz or test. Any questions that were opened will be graded, but you will be able to log back in and complete any that had not been looked at yet.

Course Completion:

Any retakes or assignment resets must happen before you take your second attempt on the Cumulative Exam.

When you click Submit on your Cumulative Exam, you are finished with the class!

Daily Expectations

- Log in and get started on Edgenuity at start of each class.
- Remain in Edgenuity until the end of class.
- You are not allowed to be on any other website other than EDGENUITY
- No other tabs, programs or applications are to be open on your computer.
- Do not do work for other classes during Edgenuity period.
- You are responsible for taking and keeping notes for each lesson.
- Only your computer and a notebook are to be out and on your work surface. Math students may also have a calculator.
- You are responsible for the upkeep of your computer—if something isn't working, please notify your teacher immediately.
- Students will be monitored through net support schools.
- Earbuds and headphones may only be used for listening to the teacher on Edgenuity.

Grades:

PowerSchool will be used to communicate your Edgenuity grade to parents, counselors and admin.

Individual Quizzes and tests will be recorded.

Assignments will be included as single assignment grade.

0's in PowerSchool are used to show what is missing and what must be completed for you to remain on track. This will remind you to get the work done. These grades will change as you complete the work.
