Cactus     CGMS     Villago     Sacaton     Toltec     Stanfield

Legacy Traditional     Grande Innovation Academy     St. Anthony's

Other: \_\_\_\_\_

### Required Classes

9<sup>th</sup> grade students have the following classes as required courses: English, Algebra, Science, PE/Health, and Freshman Success (full year). In these required courses, you have choices as follows:

Regular Academic Classes:

Alternate Classes:

Parent Initials (Approval):

English 9

Honors English 9\*\*

\_\_\_\_\_

Algebra I

Honors Algebra I\*\*

\_\_\_\_\_

Honors Geometry\*\*

\_\_\_\_\_

Honors Algebra II\*\*

\_\_\_\_\_

Investigative Science

Honors Biology

\_\_\_\_\_

PE (1 Semester)

Dance I, Freshman Band/Marching Band/Symphonic Band,  
Color Guard, Percussion, #Freshman Football,  
JROTC I (full year) will replace PE and Health

Please circle any alternate class that you wish to take. In addition, if you wish to take an Honors/Pre-AP class, your parents need to initial that choice. It would be good to have spoken to your middle school English, Math, and/or Science teachers about your choices.

\*\* Honors/Pre-AP courses have more rigorous standards as they are college preparation courses, and each requires more homework and a higher level of reading. These course requests will REQUIRE a CGUHSD Competency Exam to ensure appropriate placement. A student does not automatically get credit for a high-level math taken at the middle school.

# Freshman Football REQUIRES that the student participate in the Freshman Football team.

As you consider your scheduling choices for the entire school year, there are a few things you must keep in mind. First, select courses that make the most sense for preparing you for your education and/or career after school. College-bound students need to be taking Pre-AP and AP courses, advanced math, advanced science, and depending on the school you plan to attend, you will need 2-3 years of a world language and a year of a fine art. Taking these courses better prepare you for taking the ACT and SAT tests and the academic rigor of college. Second, once you decide on what you want to take next year, you will NOT be allowed to change your schedule. The reason is because we decide our staffing for the school year based on this schedule. When students decide to change their schedules for first and/or second semester, it can dramatically affect the class sizes. When there is more unanticipated demand in some courses, overloading can occur and because there are limits to how many students can be enrolled in a class, some students may not get to take that class. Too much movement out of certain classes can create low enrollments to the point where a class may not be offered. This is when it can affect how many teachers we would need. We want to avoid both these problems.

**Course Descriptions can be found online at <https://www.cguhsd.org>  
Go to “Families” and select “Course Description Catalog”**

**Electives:** From the electives listed in the two columns below, number your elective choices from 1-7.

CTE Agriscience I S1-S2	Year	FA Freshman Band	Year
CTE Construction Technology I S1-S2	Year	FA Percussion	Year
CTE Marketing I S1-S2	Year	Geography of the World	Sem
