FROM I NTERI M SUPERI NTENDENT DR. ANNA BATTLE

October 2021

Dear CGUHSD,

The opportunities for student success are vast. It is important that we provide students access to quality staff, quality instructional strategies, quality facilities, love, support, and guidance. In each Casa Grande Union High School District newsletter, I will highlight a staff person who is making a difference in the school district.

In schools, there are many professionals I consider to be educators, as each staff person is valued and has the opportunity to positively impact students' lives. A few qualities that are incorporated in exceptional educators include, but not limited to, the following:

Organizational Skills

The best buildings are built on a firm foundation. For an educator, that foundation is great organizational skills. Organizational skills provide the structure necessary to care for so many pupils.

Love of the Subject

Students are much more apt to become excited about what they do for educators who have genuine enthusiasm. An educator with a love for what they do is able to give students the joy of sharing something they love.

Humility

The ability to accept that you aren't always right about something is a quality that makes for a great educator. Great educators are willing to learn more than they already know.

Resilience

The hard days can leave one discouraged. Students are complex at times, but a great educator ensures that they are cooperating. Unruly students and unpredictable environments can leave an educator questioning the profession. The resilient educators persevere.

Love of the Challenge

A great educator sees a challenge and is inspired by it. He/she does not avoid a challenging topic or student because of its difficulty. Rather, a great educator sees challenges as opportunities to grow and learn. At the end of the day, every educator is still a student and possesses a desire to learn.

[5 Qualities of an Exceptional Teacher \(alignstaffing.com\)](https://alignstaffing.com)

[Ms. Norma Sanchez](#) is an amazing person, educator, and leader. She is the Casa Grande Union High School [Counseling Department](#) Chair. Students' best interest are always in the center of decision-making and daily responsibilities. Ms. Sanchez is passionate about student success and gives her all to provide her best to ensure students have what is needed, not only to graduate from high school with hope for the future, but also to make sure that she implements strategies to make students' dreams come to life. Parent engagement is valued and required in order for students to experience the support needed outside of school. She models highly effective leadership that provides an exemplary model for others to follow. Being a student

advocate for the future is so important to the school culture and to families attending CGUHSD. It is my pleasure to recognize Ms. Norma Sanchez as the CGUHSD "Make a Difference" staff member of the month!

Congratulations! Go CGUHSD!!!

Sincerely,

Dr. Anna Battle

The [CGUHS Counseling Department](#) held their [Education & Career Action Plan \(ECAP\)](#) meetings for sophomores during the week of September 20. Counselors met with students to provide them important information regarding graduation requirements, college/career readiness, and upcoming events (high school timelines, etc.).

The [CGUHS Counseling Department](#) held their FSA ID Week during the week of September 20. Seniors created their FSA (Federal Student Aid) ID, which is their FAFSA (Free Application for Federal Student Aid) electronic signature, in preparation for filing their FAFSA next month. Engineering I

The all-female CGUHS [Engineering I](#) class used the skills they learned last year in the Introduction to Computer Aided Design and the Fundamentals of Fabrication & Manufacturing courses to design, fabricate, and assemble the worktable they will use for the remainder of their time in the Engineering program. Over the years, designing and constructing their worktable has become a rite-of-passage for Engineering I students. The traditional test of the workbench is to see if it can support the combined weight of the students who designed and built it. Success! The Cougars are taught by John Morris, Engineering & Mathematics Teacher.

Welding Fundamentals

CGUHS [welding](#) students, taught by Casey Farnsworth, learned various welding skills in their agriculture class.

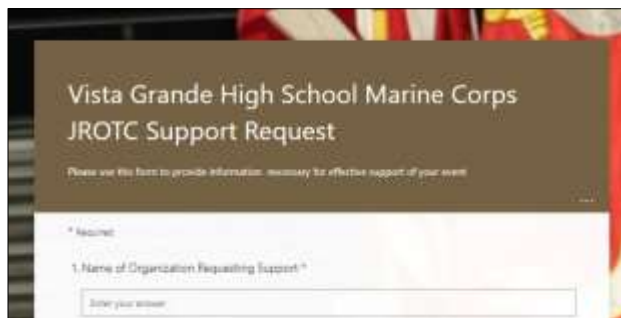

Construction Technologies

CGUHS [construction](#) students, taught by Michael Wagner, developed custom coat racks.

Team Selected to Participate in the NASA GLEE 2023 Project

A team of students from Casa Grande Union High School have been selected to participate in the NASA Great Lunar Expedition for Everyone (GLEE) 2023 project. This project is a part of the NASA Artemis Student Challenge program with the purpose of inspiring the next generation, the Artemis Generation, through participation in the next step in space exploration. GLEE is administered for NASA by the Colorado Space Grant Consortium and the University of Colorado, Boulder, through an Artemis Core Technologies Grant.

The GLEE 2023 project is designed to be a catalyst for a new generation of space missions and explorers. This scientific and technological mission to the Moon will deploy 500 LunaSats to

the lunar surface to conduct local and distributed science missions. Each LunaSat includes a suite of sensors that make it capable of operating on the surface of the Moon.

The students will learn how to integrate the sensor suite, which includes temperature sensors, accelerometers, magnetometers, gyroscopes and radiation sensors, and program the LunaSat for a mission of their own design. The CGUHS team will travel to the University of Colorado, Boulder, in October for an in-person workshop. Additional funding for participation in this project will be provided by the Arizona/NASA Space Grant Program at the University of Arizona.

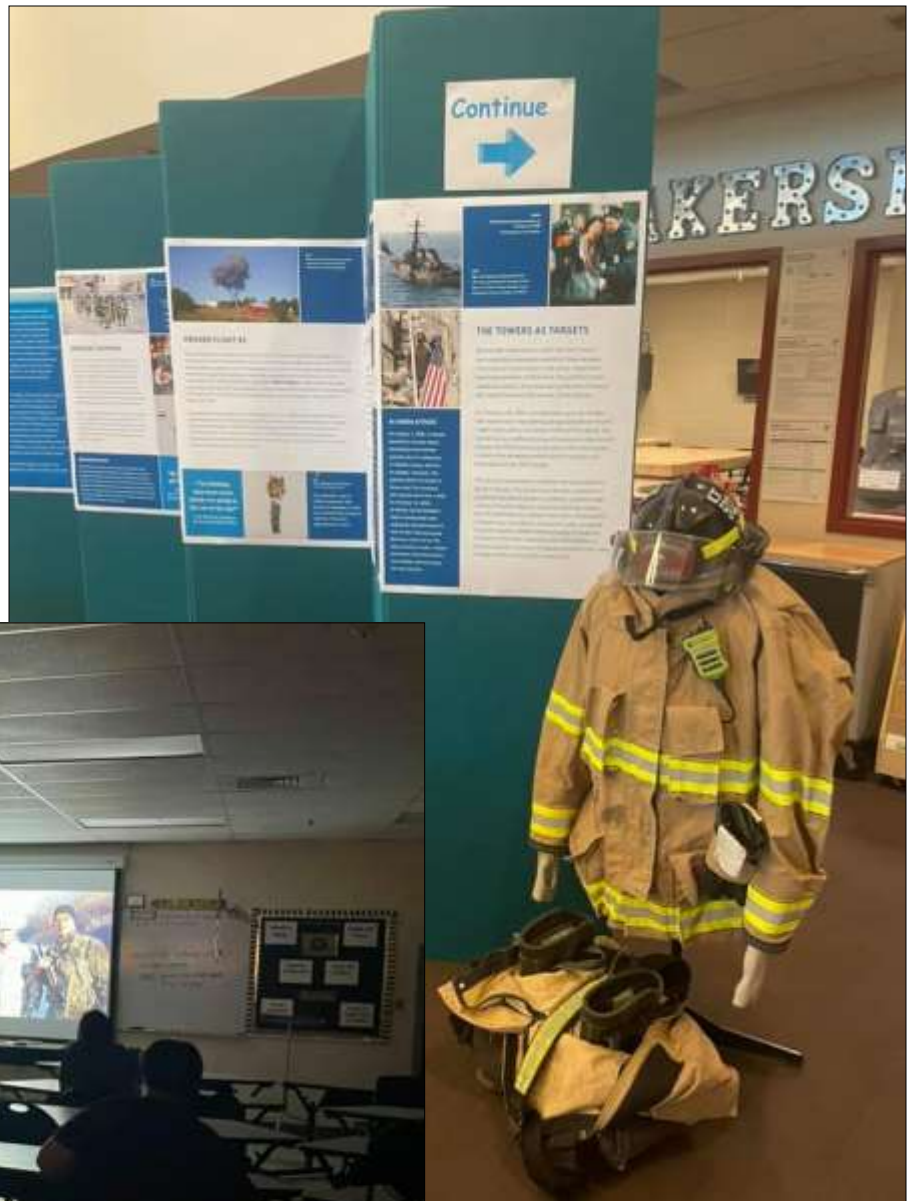

Post-workshop, in addition to developing a LunaSat, the team will be tasked with community outreach and being LunaSat Assistants during future remote workshops. The team consists of junior Ivanna Perez and sophomore Sophia Jorda. The team leader is John Morris, CGUHS Engineering & Mathematics Teacher.

In The Classroom: Novel & Short Story

The VGHS "[Novel & Short Story](#)" class, taught by Neil Smyers, finished reading "A Rose for Emily" by William Faulkner in September. Students were challenged to draw any scene or character from the story in the style of Tim Burton. The drawings were fantastic! For more information on VGHS's English Department, visit www.cguhsd.org/vgEnglish.aspx.

Student Council Leadership Participates In Roundtable Discussion with Congressman O'Halloran

On Wednesday, September 15, CGUHS Student Council's President Kayla Riggs and Secretary Destiny Lobos joined approximately six other teenagers from Casa Grande to meet Congressman O'Halloran. They participated in a roundtable discussion with the congressman about issues facing youth in Casa Grande today. Both students appreciated his interest in what they had to say. They enjoyed the discussion, especially sharing ideas and concerns with other teens in the community and discovering that those were the same at other schools as well. Some of the discussion included interest in learning: survival skills such as how to be prepared for life after high school; more about topics such as pregnancy, substance use disorder, and mental health; more about the political process; and how youth can share their voices and be heard. There was a consensus amongst the teenagers that more youth need support, encouragement, tutoring, and mentoring. The [Student Council](#) is advised by Stacy Brady, Science Teacher.

NISSAN GROUP OF NORTH AMERICA

Robotics Team Receives Nissan Grant

For the thirteenth year in a row, the Nissan Group of North America has selected the [CGUHS Robotics Team](#) for a sponsorship of \$10,000. Though the application was completed by CGUHS's John Morris, Mr. Aaron Bickel, at the Nissan Testing Center North American in Stanfield, championed the request internally with Nissan. It is grant funds such as these that make the high school robotics program possible each year. The Cougars are advised by John Morris, CGUHS Engineering & Mathematics Teacher.

Suicide Prevention & Awareness Month

VGHS [SADD](#) (Students Against Destructive Decisions) supports Suicide Prevention and Awareness Month. Thank you, classmates, for your thoughts, support, and kind words. The club is sponsored by Cristina Salcido-Grigg, PE & English Teacher.

Staff Football Captain of the Week

Briana Sundell, CGUHS Librarian, has been selected as the Staff [Football](#) Captain of the Week. Each week, senior football players vote to select a staff member who they believe has impacted their life positively since they have been a student at CGUHS. The players have really enjoyed getting together every Monday to select someone special they want to “lead them” into the coin toss at the week’s game. Staff members selected receive a Cougar football t-shirt and a plaque made by the CGUHS DECA students. Special thanks to all who impact the lives of our players! The Cougars are coached by Jake Barro, PE/CTE Teacher.

CGUHS Golf Returns

[Boy's Golf](#) is back at Casa Grande Union High School! In the first match in years, Riece Amado (Sr) placed 2nd overall and Landon Moglia (Fr) tied for 4th overall. The opponents were, Apache Junction, Poston Butte, and Vista Grande. The match was held on Tuesday, August 31, at Dave White Golf Course here in Casa Grande. The Cougars are coached by Holly Adams, Speech Language Pathologist.
