

Purpose Statement

The purpose of **Amerind Club** is to provide greater knowledge of Native American Heritage for student members to develop confidence, pride and dignity to successfully meet the challenges of high school through participation in cultural and educational events, fundraisers, field trips and sharing among their peers.

The Students will strive to become positive role models in School and their respective Native American communities to help foster growth of academic achievement and leadership in Native Country.

Fundraising events will consist of selling frybread, car washes, and sale of native art.

The use of revenue will be to fund field trips, school sponsored cultural events, tshirts for members and incentives for Native American students.

Our goal would be to send students to the United National Inter Tribal Youth (UNITY) Convention in Washington DC in July 2020. UNITY is an organization that promotes personal development, leadership and citizenship in Native American Youth which supports hundreds of youth councils and groups across the United States and Canada.
